

Information About Trustees for Re-Election

1 trustee is up for re-election this year. The information below explains why they would like you to vote for them.

Phillip Rackham

Phillip has previous experience of working with Disability Action in Barnet (DAB) and Peoples' Choice.

He has first-hand knowledge of the way in which independent living can transform lives.

Born with cerebral palsy, Phillip worked as a carer until he married and his wife, a wheelchair user, needed his full time care. Following an accident, Phillip now has the assistance of a carer himself and so has an understanding of caring from both perspectives.
